OUR STORY

Since 1969, Berco has been designing and building tables to the high quality standards of its founder, Melvin Berkowitz. Mel believed that listening to his customers, taking care of his employees, and manufacturing here in the US were the keys to building tables, and a business, that would stand the test of time.

Over 40 years later, Berco Furniture Solutions continues to take pride in these time-tested values. Owner Mike Hojnacki is committed to US manufacturing, and values the company's team of talented and dedicated workers just as his predecessors did.

Berco has long stood for simple, clean design, quality construction, and incomparable customer service. The 2013 ownership transition brings welcome investments in all of these areas, as well as a renewed commitment to improving the customer experience by making it easier to find and order the perfect table for any space.

OUR POINT OF DIFFERENCE

Berco prides itself on having achieved the expertise and capabilities of much larger furniture companies, while maintaining the flexibility and responsiveness you expect from a small company. Here are just a few of the things that make us different:

- No order is too small (or too large) for Berco.
- We love special orders...custom sizes, shapes, or special features are just part of what we do.
- We find solutions. Bring us a challenge, and our team won't rest until we've found the ideal solution for you.
- Our Customer Service is personal, and it is relentless. Our people will do whatever it takes to find and get you the tables you need for your project.

YOU HAVE A VISION FOR YOUR SPACE.
WE HAVE A TABLE FOR YOUR VISION.
LET US HELP YOU FIND IT.

If only everyone who pulled up a chair knew how much went into the selection of each table...from finishes to leg lines, from folding, nesting, and technology options to (let's be honest) budget, every project has unique requirements that must be met without compromising the end user's experience in the space you've created.

Berco not only offers tables for any application, but also for any budget, with our Basic, Better, and Best Collections.

The Berco Basic Collection ... *pages 3 & 4*

- Simple, affordable design
- Industry-standard construction
- Essential functionality

The Berco Better Collection ... *pages 5-10*

- Quality, polished design to make any space stand out
- Upgraded construction for stability, strength, and longevity
- Versatility to accommodate virtually any environment or need

The Berco Best Collection ... *pages 11-14*

- Timeless, elegant, architectural design aesthetics
- Top-quality construction with high-end features "standard"
- Virtually limitless options for finish and functionality

SOME THINGS
JUST MAKE SENSE.

Sense

Our best selling Basic line for a reason.
Sense offers durable style at an entry-level price point. Sense's tubular steel base with machine-cut column and 6" x 8" steel plate top connector mean you don't have to sacrifice much to achieve a clean look and bring your project in on budget.

Specify Sense for:

- Any "Bid to Win" Project
- Training Rooms
- Classrooms
- Conference & Meeting Rooms
- Dining Facilities

*Sense table with Black Wrinkle base,
Wild Cherry laminate top, and Ebony
"tough edge."*

STARFIRE LETS YOUR
SPACE BE THE STAR.

Starfire

The traditional design lines of Starfire never go out of style. Sturdy, stable cast iron construction with its basic, well-engineered leg provides a base that holds up in high-traffic, heavy-use areas.

Specify Starfire for:

- Café/Cafeteria Settings
- Projects Requiring Solid Surface Tops
- Training Rooms
- Classrooms

Starfire table with Chrometal base, Fusion Maple laminate top, and Aluminum PVC edge.

VOYAGER...
OFTEN IMITATED,
NEVER DUPLICATED.

Voyager

If Berco is known for a single table line, it's Voyager. This trusted line has more than 40 years of reliability going for it; Voyager sets the bar for construction and versatility, so you can be confident it will look good and last in your space.

Specify Voyager for:

- Training Rooms
- Classrooms
- Conference & Meeting Rooms
- Cafés and Cafeterias

*Voyager table with Winter Sky base,
various top laminates, and Beech
Ribbon edge.*

Why Voyager?

- Cast iron spider for a stronger connection and zero deflection
- Machine cut spider and column for a perfect level fit, ideal when moving and joining tables end-to-end
- MIG welded end caps polished for a seamless appearance and elimination of cap loss over time
- Unparalleled flexibility and options in this price tier; unlimited surface and base colors, flipping, folding, nesting, and adjustable height, 7 modesty panels and a myriad of technology options

Voyager table with Chrometal base and Golden Cherry veneer and edge.

ARCHITECT-DESIGNED
TO LET YOUR SPACE
STAND OUT.

AnyWay

Introduced in 2012, AnyWay has quickly become one of Berco's top-selling lines, and it's easy to see why. Asked what they wanted most in a table, the architects' answer was clear: a slim, clean look that keeps the base out of the way when seated, allowing the space itself to shine.

AnyWay's flat foot panel is not only non-intrusive to the eye, but creates the ideal resting place for feet as well. And like all of the tables in the Better Collection, AnyWay is constructed with a machine-cut column and cast-iron spider for stability and perfect level fit.

Option-rich AnyWay lets you create virtually any look and functionality you need.

Specify AnyWay for:

- Training Rooms
- Classrooms
- Dining Facilities

*AnyWay table with Cappuccino base,
Desert Zephyr laminate top, and
Cashmere edge.*

MOBI = MOBILITY

M o b i

From I to we, and we to I; Mobli can move from individual to group work in minutes, making it a match for any collaborative environment.

Mobli's arched foot design keeps the table base out of the way, and its unique top shapes and modularity allow users to create countless learning and collaborative environments. The two-tone color combinations for leg and foot add up to infinite possibilities.

Specify Mobli for:

- Classrooms
- Corporate Training Rooms
- Cafés and Cafeterias

Mobli table with Moonlit Silver base, Misted Zephyr laminate top, and Ebony edge.

TRULY SUSTAINABLE
STYLE.

Telesto

Telesto is the logical choice when you're looking for maximum performance and options, whether for folding, nesting, or wire management, on a mid-size project budget.

And if green matters to you, you can't beat Telesto for sustainable design. Made with 80% reclaimed aluminum and "green" textured powder coats, Telesto tables are 100% recyclable.

Specify Telesto for:

- Training Rooms
- Classrooms

SUBSTANCE, STYLE,
AND STRENGTH.

Titan

Titan combines strength, sleek design, and the ultimate in accommodation with its 2" and 3" diameter footless post legs that won't get in the way.

For folding table applications, Titan incorporates Berco's patented folding system, with built-in safety innovations that let you know when it's locked and won't snap fingers or hands during folding or opening, important features in settings where everyday users will be called upon to fold, store, and set up tables in the space.

*Telesto table with Chrometal base,
Fusion Maple laminate top, and Ashen
Gray edge.*

CONFERENCING IS NO
LONGER COMMONPLACE.

Voluma

Specify Titan for:

- Meeting Rooms
- Conference Rooms
- Lecture Halls

Form, function, and style come together in Voluma, a beautifully sound solution for your conference table needs.

Its specially-constructed cylinder can be covered with laminate or wood veneer. Size, shape, edge profile, and technology choices let you create the perfect conference space for sales pitches, board meetings, or brainstorming sessions. Flat end panel base also available.

Specify Voluma for:

- Conference Rooms

Voluma table with Nubian Brown base, Misted Zephyr laminate top, and Chocolate edge.

MOVE YOUR PROJECT
TO THE HEAD OF
THE CLASS.

iQ Plus

With iQ Plus, the table makes the room. A beautiful blend of contemporary styling with environment- and tech-friendly features, iQ Plus is the logical choice when you need a table with a “wow” factor.

Specify iQ Plus for:

- Training Tables
- Conference Rooms
- Lecture Halls

*iQ Plus table with Chrometal base,
Graphite Nebula laminate top,
and Ebony edge.*

Why iQ Plus?

- Recycled aluminum pedestals are 100% recyclable
- Integrated, hidden wire-management capability maintains an uncluttered look in your space
- Deluxe German-engineered casters roll easily over hard floors and carpet and resist movement when bumped, especially important in high-traffic spaces or when tables are wired together
- Oval-shaped column and offset foot design provide a sleek contemporary look

iQ Plus table with Moonlit Silver base, Luna Shadow laminate top, and Ebony edge.

SIMPLICITY, GRACE,
AND STABILITY IN
SPUN STEEL.

Discus & Vortex

Looking for a timeless, elegant look for your space? You've come to the right place with Berco's Discus and Vortex lines.

A powerful swirl of beauty and grace come together in the trumpet-shaped Vortex, while the classic flat Discus base provides a non-intrusive place for the eye (and foot) to rest.

Discus and Vortex table bases have spun steel bases weighted for stability. Discus tables have 6 adjustable glides, ideal for placing tables together, even on uneven surfaces.

Specify Discus or Vortex for:

- Corporate or Higher Education Dining Facilities
- Meeting Rooms

Discus table with Platinum Wrinkle base, Huntington Maple laminate top, and Ashen Gray edge.

GIVE YOUR SPACE THE
EDGE WITH LEGENDARY
STRENGTH AND STYLE.

Excalibur

Only Excalibur wields the strength and stability of a solid bar stock steel base coupled with a slim and unobtrusive base profile. The line's stationary pedestals are sturdy enough for solid surface tops and heavy traffic, and offer unparalleled durability.

Specify Excalibur for:

- Senior Living Applications
- High-Traffic Café/Cafeteria Settings
- Conference Rooms

Excalibur table with Mink base, Nubian Brown laminate top, and Chocolate edge.
