OUR POINT OF DIFFERENCE

Berco prides itself on having achieved the expertise and capabilities of much larger furniture companies, while maintaining the flexibility and responsiveness you expect from a small company. Here are just a few of the things that make us different:

- No order is too small (or too large) for Berco.
- We love special orders...custom sizes, shapes, or special features are just part of what we do.
- We find solutions. Bring us a challenge, and our team won't rest until we've found the ideal solution for you.
- Our Customer Service is personal, and it is relentless. Our people will do whatever it takes to find and get you the tables you need for your project.
